the right of vending mutton stalls during 45-46 at chakwal to the highest bidder VJ one Mr Abdul Rahman for Rs 7050 —

4) certain petitions and telegrams have been received from the ~~non-vegetarian~~ non-Vegetarian public and the butchers of chakwal town praying that the chakwal tmc may not be allowed to dispose of the right of vending mutton stalls in public auction and that the auction already held may be cancelled as it affects both the butchers and the public (customers) adversely for reasons stated by them in their several representations

5) Mr the D C Kahuta ~~has~~ supports the proposal of the Local tmc and says that there are no valid grounds to interfere with the decision of the tmc.

as the attitude taken by them is highly advantageous to the ~~[illegible]~~ which has heavy financial commitments.

6) Subject for views with reference to para 1 supra

4/8/45 7) The report received from the D.C. Karachi on the several telegrams & petitions addressed to the Govt. of India to report for perusal.

The D.C considers that, in the circumstances of the case, no action is called for & the present system under which the registration of voters & polling matters in the Chitral Agency are dealt with by political authorities may be continued, as the Mehtarship stands to gain thereby materially.

The telegrams & petitions are clearly to be the work of the former Mehtar who have made large profits & are now agitating for a reversion to the previous system. This is purely a local matter in which Govt cannot interfere unless any of the provisions of the Regulation or the rules framed thereunder are ultra vires.

6) Subject for perusal. The records will be returned to the D.C Karachi after perusal.

The Chikmagalur Town Municipal Council
has decided to dispose of the right of vending mutton
in stalls at the places by public auction
and according to the highest bid offered by
one Mr Abdul Rahman for Rs 7050/- was
accepted by the Municipal Council

30/ Petitions both by the meat consumers
and the butchers of Chikmagalur Town were received

in the Secretariat and in the D.C's office protesting against the sale ~~of~~ of the stalls in public auction on the following grounds -

(1) that the sale of all the stalls to one individual will result in the monopoly of the trade

(2) that in big places like Bangalore Mysore & Hassan, the auction system is not in vogue

(3) that when the stalls had been given to different shop keepers, they used to sell meat much below the rates fixed by the mkt- and that many professional butchers would suffer if the entire business is monopolised by one individual

32) Both the Secretariat and the D.C rejected the application ~~of~~ the D.C stated that on a similar complaint received during 43-44, the stalls were granted not to professional butchers but that there was a lot of complaints against them

about the quality of mutton supplied
the D C also pointed out that if
if the arrangement caused inconvenience
to the public, then the contract would
have to be cancelled in case meat
of good quality was not supplied
at the prescribed rate as by the sale
of these stalls, the Municipality would
also fetch a revenue of Rs10,000 to
Rs12,000 pa In view of these facts,
the D C ~~recommended~~ that there should
that there was no grounds to interfere
with the decision of the Municipality

33) Govt also agreed with the
opinion expressed by the and
an endorsement was issued to the
parties to the effect that Govt
could not interfere in the matter
This was for the year 1945-46

34). Subsequently another petition
was received and the D C was
requested to submit a report, as
ordered by the Minister for Agriculture, on
the allegations & the present

arrangement caused inconvenience to the public as an account of the unreasonable ~~cost~~ price fixed by the contractor and that ~~the 30 for many~~ many families of professional butchers were deprived of their livelihood on account of the arrangement made. Subj Disposal of Mutton stalls
in Chickmagalur Town

From

The president Chickmagalur Town mc cl L No Ste 200/fc07-48 8/2-48 requests sanction to the disposal of Mutton stalls at Chickmagalur Town as

1) The Chickmagalur Mc cl have resolved in a special meeting on 25-5-48, to dispose of the Mutton stalls in public auction Accordingly stalls were auctioned on 8-6-48, for Rs 2985/-

2) Subsequently when the question of confirmation came up before the council the council decided that tenders to lease out 12 stalls be called for, as the amount realised was too low Seven tenders were received in response to the notification calling for tenders

3) On 18-6-48, a Special meeting was called for to consider

Disposal of Mutton Stalls
Chickmagalur Town

the petitions received from the public praying for the disposal of the Stalls for a rental basis the above meeting it was decided that the resolution dated 25-5-48 could not be cancelled and a General meeting be called for under Sec 27 (1a) of the T M Act 1933 to discuss the matter

4) Accordingly at the General meeting held on 29-6-48 the Chairman cancelled the tenders and resolved that the president be authorised to dispose of the shops on a rental basis of Rs 2000/- if only two shops are taken or @ Rs 1000/- if all ten shops are taken per month, without giving monopoly for one man imposing a condition that the mutton be sold at Rs 1-8-0 per seer of 80 tolas

5) Now 6 stalls were disposed off (4 in Mutton Market 1 in Goldhal Rd and one in Bus Stand) at Rs 2000/- per month, and agreements have been registered

9) The previous collection Mf 151-47-2 is also put up accordingly

Asp 30/8 10) The arrangement approved for last year was that the Stalls should be given at a rent of Rs 20/- per month per stall and this was introduced in order to safeguard the interest and health of the non Vegetarian public of Chidambaram. Reference is invited to paras 4 to 7 of the Collection placed. The Hindu President makes no reference to this and does not say whether this arrangement should be given up so soon

Pr
31.8.48

11) The proposals at A ~~above~~ the P W D may be approved.

12) The shops have been disposed of on a rental basis at a rate of Rs 2000/- each and the shops have been rented out for Rs 12,000/- in all during the year 1948-49

12(2)
2nd Three months deposits have been obtained and agreements thereof registered. This arrangement is said to do away with one man monopoly and the interests of the non-vegetarian public are safeguarded by putting a condition to the effect that the milk should be sold at Re 1/8/- per seer of 80 tolas. The MLA stands to gain heavily by this arrangement viz Rs 12000 for 1948-49 as against Rs 1480/- for 1947-48 In the circumstances the action taken by the President in accordance with the resolution of the ML dt 29 6 48 may be ratified

new steps from 4/9/48

12) I don't think that time will be the result of this arrangement is to the disadvantage of the non-vegetarian public

14) This is true that the municipality gains heavily at the cost of non vegetarian public

8

161
7/9

15) As observed in para 10 supra, it is not known why the arrangement of last year has been changed so soon. The disposal of these stalls on

fixed monthly rental bases is much better than the leasing out of shops in public auction. It is no doubt true that the municipality gains by this arrangement as a result of keen & morbid competition, while the general public suffers both through the monetary point of view as well as health point of view. As there will be a restriction imposed on the selling Ratcaps, the Vendor Cum Vendee the most wholesome meat. The present arrangement is therefore open to very strong objection. Even the President's report discloses that there was a possibility from the

21 Disposal of mutton Stalls - Encroachment on public re The Kind of 170/2nd disposal

16) In K q. 7 the Stalls are not sold in public auction, encroachments with a view to which make it possible for the Vendors to sell good meat - There being several shops belonging to several individuals, the arrangement naturally results in the Vending of good meat, otherwise the Vendor of bad stuff will have no sales at all & no Customers

17) In these circumstances it is for orders of the present action of the municipality Can be approved, simply because it brings in a big sum income to the municipality.

Office of the Deputy Commissioner,
Kadur District,
Chikmagalur, Dated 4th July 1945

To

The Secretary to the Government of His Highness the Maharaja of Mysore, Law Department, Bangalore

Sir,

Regarding the disposal of mutton stalls in the Chikmagalur Town Municipality for the year 1945-46

With reference to your letter No L 12585 dated June 1945, forwarding a telegram dated 23rd June 1945, addressed to the Dewan of Mysore, by Abdul Wahab and others of Chikmagalur Town and calling for a report in the matter, I have the honour to enclose herein, the connected records and to state as follows -

1 There are nine mutton stalls in the Chikmagalur Town Municipality The question of disposing the right of vending mutton in the stalls during the year 1945-46, came up before the Municipal Council at its meeting held on the 29th May 1945 Some of the councillors suggested that right of selling mutton in all the stalls may be sold in public auction and others were against it The proposition was, therefore, put to vote Out of the thirteen members, seven voted for the proposition and four against it Two members remained neutral According to the decision arrived at the meeting, the right of vending Mutton in all the stalls emblock was put for auction on the 22nd June 1945 and the highest bid of Rs 7050-0-0 offered by Mr G Abdul Rahman was accepted by the Municipal Council and the sale was confirmed on 29t June 1945

2 Prior to the confirmation of the sale by the Municipal Council, a petition was presented to me on 27-6-1945, by some of the non-vegetarians of Chikmagalur Town objecting to the system adopted by the Municipal Council on the following grounds -

(i) That the sale of nine stalls to one individual will result in the monopoly of the trade
(ii) That in big places like Bangalore, Mysore, Hassan, etc, the auctioning system is not in vogue
(iii) That when the stalls had been given to different shop-keepers, they used to sell meat much below the rates fixed by the municipality and that many of the professional butchers would suffer if the entire business is with one individual

3 The petition was referred by me to the Municipal Council for reconsideration. But they are not in favour of modifying their previous decision Another petition has been received from

JUL 10 1945
No 234 To

The Government of His Highness the Maharaja of Mysore,
In Bangalore,

Petitioners :-

The Non-vegetarian Public and professional butchers of Chikmaglur Town beg to bring a few following lines for Kind consideration and favourable orders

The Chikmaglur Town Municipal Council have sold all the 9 Stalls in one lot in Public auction for the year 1945 ~~xxxxxxx~~ 1945-46 to one A Abdul Rahiman for a sum of Rs 7050/-

In all previous years, the Mutton Stalls used to be given to different persons on rental basis and this year in spite of the representations of the Non-vegetarian Public not to auction the Mutton Stalls and to cancel the sale, as it would cause great hardship to the public, the Municipal Council has refused to reconsider their resolution and has confirmed the sale purely on the ground that it has fetched them a good amount

The said sale is against the fundamental and basic principles of taxation

In this connection, we wish to bring to your kind consideration that in Municipalities like Bangalore, Mysore, Hassan, Tumkur, Shimoga, Davangere and Kolar and the like such an auctioning system does not exist

Even in Chikmaglur Town the system was not in vogue when the Mutton Stalls were auctioned some years back on the representation of the Public, the Deputy Commissioner

s ple se

was pleased to recommend to the Government for cancellation of the sale as the sale was not conducive to Public Interest and the Benign Government by its order No. L.3473/II/111-43-3 dated 21-9-1943, cancelled the sale and ordered that the Mutton Stalls should be given on rental basis on the ground that it cause great injustice to public

The present auction of all the nine Mutton stalls in one lot is against the said Government order and further creates a monopoly in the hands of big capitalist who is sure to exploit in these hard days

As mutton is one of the most essential food food for non-vegeterian in the interest of public, it is but fair that there is healthy competition and when the stalls were being given to different persons, the public of Chikmagalur were getting good stuffat competative rates Further greater concessions and advantages would shown on marriages and other public functions

Further the sum of Rs. 7050/- is an additional burder on the consumers

The said auctioning results in the unemployment of a number of professional butchers who are solely depending on this profession from the time of forefathers

Owing to the present times conditions, as supply of mutton is far less than the demand and the morepoly in the hands of a singleindividual will result in depriving the public of healthy and essential food at reasonable rate

The said auctioning cause great hardship in more ways than one and further causes great damage to the professional butchers

humbly pray, therefore that Government be pleased cancel the said sale, and direct that the Mutton Stalls be let on rental basis as used to be done before or licensing system be introduced

We further pray, that the final orders are

passed

passed the Government be pleased to stay further execution of sale of sale as it causes great and unnecessary complications

In this connection we also submit that the Deputy Commissioner had issued an order staying execution of sale, and and has today has withdrawn it on the ground that he is going to make a report to the Government

We beg to remain,

Most Obedient servants,

Apn

pected Sir,

The undersigned Non-vegetarian Public of Chickmagalore to bring the following few facts for your kind consideration.
THEmuncipal Council of Chickmagalore published a Notificatèon dated -nil- that the right of selling mutton at Chickmagalore would be auctioned for the year 1945-46, imposing certain conditions and res--trictions This was widely circulated amoung the public as well as among the previous contractors and butchers.
No one came forward with any objections for the conducting of such an auction sale TILL THE DATE OF SALE Sale was duly conducted on 22-6-45. Last years Contracter Mr D. Abdul Rasool and his partners were also presentx alonng with other people-Muslimand Non-muslims. They bid in the sale, but faild to get the contract, as one Mr D - Abdul Rahiman happend to be the highest bidder. Sale in his favour was confirmed on 29 6.45, after the resolution was passed by the majority in Council Inppite of the short time at his disposal, the new contracter was ready with necessary arrangments, to discharge hi his responsibilities, with huge investments

3) Last years contracter being aggrieved on account of the disappointment, has got up a petition, signed by a few interested in him, against confermation of the present sale
Through out last year , there were lot of complaints against the ~~co~~ contracter, such as irregular opening of stalls, insufficient ~~suppl~~ supply, exhorbitant rates, rude behaviour of staff, and others. On account of this, we the public were eagerly expecting a change. ~~Chang~~ Change of contract was welcomed by us and there no reason to experience previous year's difficulties, as there are Safe-Guards in conditions imposed on the contracter, offering the last Bid of Rs 7050/-as
The new contracter has also previous experince, having been so ~~duri~~ during the years 1931-34. Municipal Councils resolutions is sushpable
THE MUNCIPAL COUNCILL, after undergoing lot of difficulties formerly when stalls were being given to individuals, came to the present conclusion, at the same time have done all necessary things to safegard public interests.

(7) Most of the allegations in the petition on which STAY-ORDER is pass -ed, has been submitted to you by certain interested Muslims, are falise, malicious, and unreasonable

(8) The present petitioners fairly represent the Non-Vegetarians--uslim and Non-Muslims

(9) In this conection, we also beg to bring to your kind notice that the Municipalty will also considerably suffer in revenue , with out any correspponding benefit to the public

10) Under these circumstanc s, we humbly pray that the said STAY-ORDER may be raised and the new contracter be allowed to carry on business as per his contract, for which we shall ever be grateful to you

Subject - The mutton vending in the Chikmaglur Municipality may be brought under the Licensing System, and setting aside the existing manner of selling the food in the est-blished Municipal Stalls only either by renting the Stalls or worse by disposing off the entire trade by public auction -

The undersigned Non-vegetrian hurbly request the above said prayer may be kindly granted ,

The Licensing system is most appropriate for trade in order to make the food available to the Public , good quality fair competative price and reasonable supply of quantity required for the population These advantages are realy lost in the exisitin manner of vending in fixed stalls in one place or two in the town

When it is auctioned, the highest bidder takes it for a huge sum, many times that of ~~xxx~~ what is realised by rents, but undoubtedly for that , he should exploit the consuming public Past history has shown that though many times, the Municipal Council attempted to auction, the Deputy Commissioners have been repeatedly disallowing that Thanks to the Benign Government

When the stalls are granted on rent, the situa-tion of the stalls is so inconvenient that practically a ~~monopddy~~ monopoly (combination of professional butchers) get the right of vending , neglecting to run all stalls and carry on in but a few stalls say three out of nine stalls, although the rents of nine, stalls is paid to the Municipality This also works as a disablity to the consuming public, as the trade is centered in one clique of people True, on the part of the Municipality there is more generosity to forgo the larger ~~income~~ obtainable by the auctioning method

The other artificial restrictions placed , to name, fixing of price etc are mere shams, eye ~~xxxx~~ washes, more ob-

observed in the breach than not and perhaps too difficult the authorities to mind

It is needless to say what other disadvantages are contained in the present methods for the consumers, for if it did not the Licensing System would have not come into vogue in important place like Bangalore, Mysore and elsewhere Whereas well as here, there are market in each area, and municiplaities could have also easily set up Municipal Mutton Stalls and leased them to or auctioned them to particular people

The petition requests that the Mutton trade be put on licensing System in this town In doing so every professional butcher could get a charce to vend meat instead of the happy-elected few butchers, or the auction purchaser alone

The town is fairly populated with non-vegetrian and consists of different parts at distances from one another, to whom it is surely a convenience to have stalls in various parts From all the parts of the town to go one place, to the Stalls, to buy mutton is inconvinient By selling in different areas nothing injurious to the trade, nor to other communities is caused There are plenty of Professional butchers living in the town and paying taxes, permanent resident of of the Town In the present system, as they are thrown out of trade in the town, they reside in the town and go out of it to carry on theiravocation to distant places and villages

By permiting approved private Stalls, in many localities it is posible to recover as much revenue as accrues at present by the rental system( though there is no justification for that large revenue out of this trade) by the formula many stalls and small Licensing fees Even if some loss is caused, it is worthy to sacrifice in the interest of Public welfare In important wealthy stations like Bangalore, Mysore and Tumkur Licensing fee is roundabout Rs 3/- with permission to put up their stalls, If Municipal Stalls be given to them it is Rs 3/- to Rs 5/- per stall per month Against this what is charged here per month per stall for rent is fabuleus when it was Rs 10/- and now yet fabuleus is Rs 15/- per stall per month Some of the Municipal stalls may be used for trace

Mutton is such an important article of food for the non-vegetarian

non-vegeterian and it is The only food without substitutes in the shape any other food poultry fish or eggs ~~in the market by unnecessary im-~~ ~~impediments all the worse for the consumers~~ The importance of mutton as a food article is often not taken notice of by the authorities and things are allowed drift away in spite of repeated representatio of the consuming public It is the consumer who pays for the food, wh feels , and relief should be accorded to him, by whatever means and methods

The Consuming Public and professioral butchers whose representations subjoin this signatures to this petition , hurbly urge that the mutton trade be put on Licensing System which is most just and useful system for dealing with the question of the sale mutton Sir Mirza Ismail who realised after a representation of the Public, had given certain directions to handle the trade in the way as in Bangalore and Mysore This happy order has been to overlook which the humble public deplore

Thanking you for the benign interest you will show the question to grant the prayer to introduce Licensing System for Mutton vending in Chikmagalur Municipality

We remain ,

Sir,

We, the hereditry and professional butchers of this place and also the members of the non-vegetarians public most respectfully beg to bring the following facts to your kind notice

The right to sell mutton has been auctioned by the Municipality on 22-6-45 for an unprecenderted huge sum of 7070/- The said auction has deprived the long standing, professional butchers and vendors, nearly 30 families of the means of their livelihood and rightful occupation which they were having ever since the Municipality began

favour of one person who will dictate his rates an to make good loss as possible which he is likely begins to vend cheap and foul stuff More over on functions religious occasions of the non-vegetarians the old mutton sellers were selling at a lower rate than to others and help several people

On principle also the present auction is unfair at it views with violent prejudice and essencial article of food stuff i.e mutton and the vegetarians so often fail to appreciate this injustice

After an auction 1943, the Government was pleased to interfere and often carefully considering the unfairness of the auct itself ordered that Stalls should be given to the vendors on fixed rent

Under the circumstances we most respectfully be of you, not to confirm the auction sale and to reconsider the position kindly and sympathically and grant stalls on rental as previously

as previously and thus help the butchers and also do justice to the non-vegitarian public

We beg to remain ,

S i r s ,

Respected Sir,

We, the Public of Chikmaglur Town, respectfully submit the following for your kind consideration and immediate redress regarding the order of the Kadur Deputy Commissioner dated 4-4-1946 enhancing the prices of the meat from Rs 1-4-0 to Rs. 1-12-0 per seer

That the Public of Chikmaglur protested against the sanctioned action of the Municipality for auctioning the Mutton Stalls

That the Contractor, took up the Contract in spite of the protest of the public and in this connection we request you, Sir, to kindly persue all the applications that have been submitted to the Municipality, to the Deputy Commissioner and to the Government from both the Contractor and the Public

That the Contractor has agreed to sell meat at Rs. 1-4-0 fixed by in the Licence granted by the Municipality and has given an assurance that he would give no room for any sort of complaint from the public

That with a view to make more gains, the contractor was agitating for the price being enhanced on false grounds

That Municipal Council having inquired into the matter in details has rightly rejected the Contractors prayer for enhancing the price and has passed a resolution to that effect on 10-1-46

That the conditions regarding the cost of getting animal animals for slaughter are more favourable now than what it was in 1944-1945

That there are no absolutely no reason for enhancing the price

That the Deputy Commissioner had sent letter on 2-2-46

P T O

2-2-1946 to the Municipal Council for giving their opinion regarding the enhancement of the price. The Municipal Council has offered the subject for being considered in the next meeting.

That on 4-4-1946 the Deputy Commissioner without taking the opinion of the Municipal Council or Public has x enhanced the rate from Rs. 1-4-0 to Rs. 1-12-0 ; Rs. 1-8-0, 1-4-0 for different classes of meat (The last figure is only nominal) The Deputy Commissioner may have been led to do so in view of exceptional Municipal Revenue of Rs. 7050/-.

That the rates fixed is ruinous and absolutely beyond great harcships on the living

That if the Deputy Commissioner has taken the opinion of the Public , we are sure that he would not have passed this order as there are many others to take up the contract who ready to sell meat at the rate Rs 1- -0 fixed by the Municipality, if the present Contractor is not willing to do so.

We, most respectfully pray you that you , Sir, will be pleased to set aside the order of the Deputy Commissioner restoring the price of the mutton as fixed by the Municipality to Rs 1-4-0

We pray that , you, Sir, will consider this very urgent and give redress to the Public immediately.

We beg to remain,

Respected Sir,

Yours most Obediently,

The President,

Chikmaglur.

Sir,

We the undersigned payers desire to submit for your due consideration the question of proper distribution of meat to the consumers thereof in the town of Chikmaglur.

In this connection we wish to draw your kind attention to the resolution recently passed by the Municipal Council on 1946 are proposing to auction out again the right to sell meat at Chikmaglur to the highest bidder. May we say that the resolution implies serious handicaps as we have pointed out in the past, in the matter of proper and timely sale of good meat at a reasonable price. We beg of you kindly to peruse the tour notes of the Dewan Sahib an abstract of which is ~~cop~~ copied here for your ready reference' The practice in vogue in the ~~the~~ the Cities of Bangalore and Mysore ----------

You are very well aware that meat is an article of food and it is ~~a~~ against the fundamental policy of the Government not to leavy tax on article of food auctioning out stalls instead of renting them out on low rents, results in indirect taxation on the consumers of meat. This auctioning policy results in irregular ~~results~~ xxxxx sales of poor meat at the non-uniform higher rates contributing in a large measure ~~measure~~ to malnutrition thus effecting public health and addin further difficulties to the already tense food situation. Many butche through such policy will go out of their trade on account of the monopo iser and thus a new problem of the unemployment of a some of them will arise which will really be a serious matter when justly considered. All these are borne out by by the results of Municipality auctioning for t first time in 1945 the meat w n Chikmaglur to the highest bidd on the grounds of ~~maximum~~ better finances for the Municip lity and promising a uniform selling price of R 1-4-0 per seer to the consume You are aware Sir that as a result thereof last year we had many mea days and more often than not ~~not~~ we got the 3rd grade meat not to spe so that we suifered a lot both with regard to the cost and quality o of meat not to speak of much irregularity in sales Subsequently th t y

r-ised to : 1-8-0 and . 1-12-0 thus en blin, the monopoliser t to carry on his his job at the cost o f the consumers.
On the eve of the proposed auction of the sale moropoly of meat this ye r we repe.t th.t this .ove if carried out .ain will be frought with all the dis dv nt.es we suffered before

Our appeal last yar r to c ncel the uctioning asystem fell on deaf ears and cosequently we suffered ll the troubles we hinted before . We therefore most emphatic lly protest gain as inst this proposal of auctioning and pray th t you will in ~~the~~ view of p st difficulties recently reconsider your decision, ~~e n~~ c ncel the uctioning and rdent out Stalls to different profession l butchers at reason ble r nts and thus en ble a very l.rge section of re.t e ting popul tion to get good me t , regul sup.ly of meat at a fair price solving the s me time the prob of unemployment that will result mong butchers on ccount of the mono.oliser Th nking you,

Respected Sir,

We, the non-vegetarian public of Chikmagalur, most respectfully beg to bring the following for your kind and favourable consideration:-

We have been agitating repeatedly making representations to the Municipality, Deputy Commissioner and the Benign Government for the abolition of the system of letting out the Mutton Stalls by Public auction and for their being let out on a low monthly rental system as in the case of premier Municipalities like Bangalore and Mysore

an extract of the tour notes of the Asstn in the matter noted below.

"The system in vogue in Bangalore and Mysore Municipalities may be adopted for leasing the mutton stalls and the same being constructed in different suites of the town for the convenience of the public."

In spite of this, the system of Public Auction is continuing and the Stalls are not constructed in different parts of the town.

During 1945-46, the Contractor after taking up Contract in Public Auction began to agitate for the enhancement of price fixed in the Licence though the Municipal Councilors unanimously refused to do so, the Deputy Commissioner enhanced the rate and against this Ordinance of the Deputy Commissioner we the Public have appealed to you for the cancellation of the order of the Deputy Commissioner

We learn, that in the Municipal Meeting held on 31-5-47 again it has resolved for the Stalls being divided into 3 blocks and the same being auctioned in public, in spite of the subject sent to by Messrs T Sahul Ahmad and Patel Sahul Rahman for stalls to be divided in 3 blocks and same to be distributed to three theory retired butchers and avoid monopoly.

The auction is likely to be held by about the 24th of this mo
The non-vegetarian public of Chikmaglur during these hard days h

by the Deputy Commissioner and we most respectfully request, you

Sir,

In continuation of the applications for the cancellation of the rate of mutton and the stalls being leased to professional butchers at rental system, we the non-vegeterains of Chikmaglur town respectfully submit the following for your kind and favourable consideration -

That the rate fixed now under Rule 81 of the defence of India Act is very high and ruinneous and beyond the means of many That auctioning the Stalls by public Auction has created unhealthy competition and that the professional butchers who were entirely depending on this have been throuwn out of field. Many poor are not in a position to purchase mutton which is their main and essential food That meat is a article of food and it is against the fundemental policy of the Government not to leavy tax on articles of food, That obtaining more money at the inconvenience of many is not the policy of any Government or Municipality That the Town Municipal Council has failed in its essentaal duty in not considering the cry of the Public against the system of Auctioning the Mutton-Stalls and the directions given in the Town notes of the Dewan Saheb for the stalls being leased to professi butchers on rental system as is in vogue in the cities of Banga and Mysore and more Stalls being erected in difierent parts of the town have been ignored

That the rates of animals for slaughter is now very much low and it isabsolutely necessary that it should be revised and the rates being reduced. There are people who are ready to sell meat at the rate of one ruppee per seer, if the stalls are leased to them at the same rent which was charged previous to 1944

That this greatly solve the food problem of many non-vegeterains who are starving for want of feed mutto

We most humbly request that you, S i r , will be pleased to cancel the Auction held by the Municipality and the Stalls being leased to professional butchers on the rental system which was in vogue previous to 1945-46

Subject:- Disposal of Mutton stalls in Chickmagalur Town

Sir,

I have the honour to state that, the question of disposal of mutton stall in this town was taken up in a special meeting convened for the purpose On 25-5-48 wherein it was decided that the individual shops should be disposed off in a public sale copy enclosed Accordingly Sale Notification was issued and the sale was held on 8-6-48 The total amount realised by sale was Rs 2985/- When it was brought before the Council for confirmation on 14-6-1948 it was decided that as the amount of realisation was too low, tenders to lease out 12 shops should be called for copy enclosed As desired by the Council tenders were called for and there were 7 tenders The statement of tenders is enclosed for information

Subsequent to these tenders there was a public petition received on 17-6-48 wherein it was stated that the mutton stalls should be disposed off on rental basis and monopoly of one man taking the whole concern be avoided Simultaneously there was another application signed by seven Councillors upholding the statement of public and requesting the President to call for a special meeting to discuss the subject A special meeting of the council was called for on 18-6-1948 wherein it was decided that the Resolution of 25-5-48 cannot be cancelled as that was a special meeting and as it was within three months and as required by rules 27(14) of the Act the subject be brought before a General meeting Copy enclosed There were three more petitions one from the President, Anjumane-e- Islamia, one from public along with a printed notice dated 26-6-48 and an other from the Secretary, Jamia Sanjin Losanues and Muslim endowments, the subject was brou-

gain in the General body meeting on 29-6-48 The tenders received were opened After long discussion the council cancelling the tenders received resolved that in the interest of mutton consumer and financial position of Municipality the President be authorised to dispose of the shops on rental basis with a maximum benifit of Rs 12,000/- to Municipal revenue without giving monopoly for one man imposing a condition that the mutton be sold at Rs 1-8-0 per seer of 80 tolas The entire proceedings enclosed There were six applicants and on a rental rate of Rs 2,000/- each,6 shops (4 in Mutton Market, one in Joldhal road and one in Bus Stand) were disposed Three months deposits have been obtained and agreements have been obtained and got registered Action taken may kindly be approved The total receipts on this behalf would be Rs 12,000/- as against Rs 1,480/ of last year
